

WELCOME FURRY FRIENDS

Pets are welcome at Dovedale Hotel.

Dogs and cats are welcome; however, the hotel needs to be notified prior to the arrival. A request for any other type of pets needs to be addressed to the hotel via email (dovedale@mail.com). We only allow pets in certain rooms which are limited in availability.

Pets must not remain in the accommodation unattended as the service staff may need to enter the room. Animals do not like unfamiliar surroundings, so your presence will make them feel more comfortable.

A fee of £10 or £15 for 1 or 2 pets per night applies. A maximum of 2 pets is allowed per room.

In order to ensure your and your pet's comfort, we kindly ask you to read our pet policy.

- Pets must not be left in the room unattended to avoid property damage.
- Pets must be kept on a leash when in the hotel or on hotel premises.
- Pets are not allowed in the restaurant but when available, we can offer a separate dining area. We also offer room service.
- No more than two pets per room are allowed.
- Guests are responsible for all property damage resulting from their pet.
- Any disturbances such as barking or meowing must be curtailed to ensure other guests are not inconvenienced.

All the listed prices are subject to change without notice. The hotel will respect the prices of any services already secured and confirmed in writing.

The Hotel reserves the right to dismiss customers from the premises when in serious breach of these policies.

We recommend Seaview Street to anyone with dogs who wish to explore the town and find somewhere that welcomes dogs. The Nottingham, Fisherman's Arms and Counting House on Seaview Street allow dogs. To get there, walk to the end of the road (towards seafront) and turn right at the Library onto Alexander Road, then walk to the top of Alexandra Road until you find NatWest and turn onto Seaview Street.

Thank you for your consideration,

Management
